Meet the Teachers

Katie Shinden discovered the wonders of Kindermusik when she and hubby Bruce brought their twins Seth and Kira to their first Village class at the age of 5 months. Her lifelong passion for music included piano and choir along with playing bass in a garage band with her best girlfriends in college. Sharing music with young children and their families in her Kindermusik classroom is the best "job" anyone could ask for!

Molly Markstrum is a licensed Kindermusik Educator attended Columbia College in Chicago where she performed and studied music. She plays several musical instruments including piano, cello, guitar and percussion. Her beautiful soprano voice has gained her a position in the Santa Barbara Choral Society. She has been around music and children for her whole life and has been enjoying getting to know the Kindermusik families in the Ventura area.

Andrea King has been an active music educator in the Ventura & Los Angeles Counties for 10 years teaching instrumental, choir, and general music lessons. She holds a Bachelor of Music Degree and California Teaching Credential from California State University, Northridge as well as a Master of Education degree in Psychological Studies in Education from the University of California, Los Angeles. Her passion for giving young children the opportunity to explore and learn through music led her to teach with Kindermusik.

Shelby Fannan is born and raised in Southern California. Shelby has been playing the clarinet for over sixteen years, and received a Bachelor of Music in clarinet performance in 2007 at California State University Northridge. Aside from performing, Shelby is a very passionate music educator teaching for over seven years. She strongly believes in the benefits of early childhood music education, and is very enthusiastic about passing along her musical knowledge. Her most recent hobby is playing the Ukulele, an instrument she loves to incorporate in her Kindermusik classes.
