KATIE SHINDEN As a new mom, Katie discovered the wonders of Kindermusik when she and hubby Bruce brought their twins Seth and Kira to their first Village class at the age of 5 months. They are now 5 years old and are Kindermusik veterans, and two year old Tessa loves her Our Time class! Katie has had a lifelong passion for music that includes singing in choirs and playing piano during her childhood, being a radio DJ on KCSB and KUSF from 1987-1999 as well as a ten-year stint as a bass guitarist and vocalist in an all-female rock 'n' roll band.

MOLLY MARKSTRUM A licensed Kindermusik Educator, Molly attended Columbia College in Chicago where she performed and studied music. She plays several musical instruments including piano, cello, guitar and percussion. Her beautiful soprano voice has gained her a position in the Santa Barbara Choral Society. Molly has also taught Kindermusik in the Santa Barbara area and her passions are composing music and working with young children. She has been around music and children for her whole life and has been enjoying getting to know the Kindermusik families in the Ventura area.

ERIN SULA-GOFF Erin grew up in a musical family and found her own passion for music and the performing arts at a young age. She attended Southwest Missouri State University where she was awarded the first musical theatre scholarship given by the school. She has since performed on stages as well as television and film, from Missouri to Los Angeles. She now resides in Ventura with her husband, an accomplished musician, and their two year old daughter and newborn son. She and her family continue to keep music an integral part of their lives and have enjoyed many wonderful experiences themselves attending Kindermusik classes.

YOUNG CHILD (5-7 YEARS)

Semester 2

Playing simple musical patterns and songs on the featured instrument from the first session—the glockenspiel—is a central focus this semester. While learning to sing a melody, and then play the pattern on the glockenspiel, we'll delve deeper into the understanding of musical concepts such as piano and forte through orchestra-style music such as the William Tell Overture and Peter and the Wolf. Music appreciation and understanding continues with a complete introduction to the instruments—and the families in which they're grouped—of the orchestra. *Home Materials:* Children's Folder with stickers, games bag, and Music At Home Cards, Family Songbook, and Home CD of music from class.

IMAGINE THAT! (3-5 YEARS)

Toys I Make, Trips I Take

Kindermusik Imagine That! takes the preschooler on a musical journey of discovery and exploration—a journey limited only by the power of imagination. Think of it like taking a course inside a child's imagination. We'll use the theme of a toy shop to make our pretend-creations, using rhythm and songs with every imaginary saw, hammer, and nail. The result is building the preschooler's sense of a sequence of events, which is good for storytelling, as well as making his/her ideas a reality. *Home Materials:* Two books—*If I Had a Big Blue Boat* and *Tippity Tippity Too*, *Toys I Make, Trips I Take Play Set*, *Two Home CDs*, *Family Activity Book*, and a drum.
